

## LATEST INFORMATION

Last updated: 15/07/2021

Madagascar has further renewed the State of Health Emergency **effective from July 15, 2021**, due to the increasing of number of daily new COVID-19 cases.

International and domestic flights are suspended.

International flights, previously authorized in and out of Nosy Be, are suspended.

There is a total lockdown every weekend.

- 
- Work and public transportation (except for taxis) will be suspended and only essential services are grocery stores may remain open.
- Gatherings of more than 50 people remain prohibited. Mask wearing and physical distancing in public is mandatory. Schools are closed. Local markets are open from 6 AM to 5 PM but only one member of household may run errands. Churches, mosques, bars, and night clubs remain closed. Restaurants may operate at half-capacity.
- Therefore until further notice, entry the territory of Madagascar is forbidden.

Budapest, 2021. 07. 15.
